R/S,

On behalf of Vishwabharati Academy's College of Engineering, Ahmednagar, I would like to thank you for conducting a workshop on "Research Methodology: Approaches and Techniques" on date 24/02/2022.

We really appreciate the efforts and hard work you are doing in the field of "Research Methodology: Approaches and Techniques". Our students & faculty members came to know about the various information of Intellectual property rights.

This session was both encouraging and learning. Our students learned in details related to Research Methodology. We would like to continue such workshops, to highlights the new concept on this topic.

Thank you once again for your valuable time and introducing us to Resource person to conduct the Expert Lecture on Research Methodology.

We look forward for your kind co-operation in future also.

Thanks & Regards

Subject: - **Letter of Appreciation**

Respected Sir,

Thank you very much for delivering an informative & thought provoking lecture as Guest speaker on "Deep Learning & Hadoop" held on 28 Jan 2019 at Vishwabharati Academy's College of Engineering, Ahmednagar. It was really a splendid presentation.

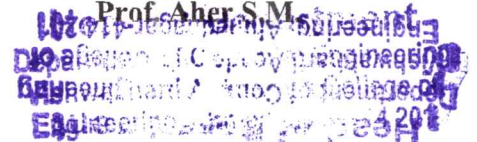

It is our sincere hope that we are completely satisfied with the knowledge, which you provided to our students of B.E, T.E of Computer Engineering & Entc.

Looking forward for your cooperation for the promotion of professional education in future as well.

Thanking You.

With Warm Regards,

Prof. Aher S.M.

Report on One day Workshop on “Core JAVA Development ” held at Computer Engineering Department on th 26th August 2017

The main aim of arranging this workshop is to bring the technical knowledge of JAVA which is currently being used by IT field. This workshop was planned and scheduled.

Workshop objectives

- Understand the concepts of programming
- Learn and apply the features of JAVA
- Explore the JAVA and develop own programs

All computer engineering students attended a workshop on “Core Java Development” on 26th August 2017 at Network Lab of Computer Engineering Department. A total of 38 students participated in the workshop. The workshop started at 9.00 am with a hands-on session in the Computer Department laboratories. Prof. Sachin Runwal was the resource faculty for the day. Dr. V.S.Ranmalkar was the coordinator for the workshop. Java is a general-purpose computer programming language that is concurrent, class-based, object-oriented, and specifically designed to have as few implementation dependencies as possible. It is intended to let application developers “write once, run anywhere” (WORA), meaning that compiled Java code can run on all platforms that support Java without the need for recompilation. Java applications are typically compiled to byte code that can run on any Java virtual machine (JVM) regardless of computer architecture.

The workshop covered the basics of Java like creating java applications in Netbeans, data types, variable declaration in java, operators, input-output operations in java, conditional statements, looping statements, methods definition, strings, Arrays, class definition etc. In this hands-on course, students gained hands-on experience with Java programming and its object-oriented features. Students learnt to write, compile and execute Java programs, build robust applications using Java's object-oriented features, and created robust applications using Java class libraries.

A brief feedback session was held in order to find out the outcomes and short falls of the workshop. All participants who had given their feedback were very much satisfied with the content covered in the workshop and expressed their gratitude to computer department for organizing the workshop. They also suggested conducting more number of such workshops with hands-on sessions. Finally the workshop was concluded by presenting vote of thanks by Prof. S.P. Vidhate (I/C Head, Computer Engineering).

Report of Seminar on "How to Face Interview"

Coordinator: Mr.Pravin Nagargoje

Theme: Soft Skill Development

Date: July 11th 2017

Venue: Seminar Hall , Computer Engineering Department ,VACOE,Ahmednagar

Speakers: Miss Vishakha Parulekari

Event Details: Seminar on "How to Face Interview"

The main purpose of the seminar was to make the students comfortable and feel relaxed when they are attending interviews for placement. The students should be confident enough to take up an interview for placement.

All SE,TE,BE students attended the session. Miss. Vishakha Parulekar is a very good orator having fluency in English, Hindi. She is a very good motivational speaker and has conducted more than 300 Lectures, Training Programs and Seminars in various segments of business nationally and internationally

The program emphasized on the behavior to be adopted in the interview, Mannerism and approach to be followed by the students in an interview. It also highlighted on what sort of questions will be asked and how such questions can be dealt in an interview. Our final year students were highly benefitted by the seminar and expressed that they are confident in attending the interviews and they will be well placed.
