

ELECTROBYTE-2K26

The department also organizes expert lectures and guest lectures to improve students' knowledge in programming and other skills. Additionally, we host extracurricular activities such as paper presentations, poster presentations, and mini-project competitions to further enhance practical knowledge and also organizes industrial visits to provide students with industry knowledge and real-world experience.

VISION

To foster and achieve effective teaching and learning in Electronics and Computer Engineering, providing knowledge and skills needed to meet the various needs of industry and society.

MISSION

M1: To provide strong fundamentals and technical skills through effective teaching learning Methodologies.

M2: To cultivate and attain unparalleled excellence in the field of Electronics and Computer Engineering.

M3: To develop skilled professionals who demonstrate strong ethical and professional values.

About Department of Electronics and Computer Engineering

The Electronics and Computer Engineering branch integrates the fields of electronics and computer engineering to address the combined demands of today's electronics and computer industries.

The department is established in the year 2023 with the intake of 60. The department is staffed with highly qualified professionals and well-equipped laboratories, ensuring that students gain practical knowledge. To prepare students for industry competition, we conduct aptitude tests and communication skills sessions to enhance their abilities.

HOD DESK

Mrs. Snehalata C. Puranik

M Tech.,
HOD Electronics and Computer Engineering
(14 Years' Experience)

Dear Students, Faculty, and Visitors,

Welcome to the Department of Electronics and Computer Engineering!

As the Head of the Department, I am delighted to extend my warmest greetings to all who visit our website. Our department is committed to fostering a dynamic learning environment that promotes innovation, critical thinking, and hands-on experience in the ever-evolving fields of electronics and computer engineering.

We take pride in our dedication to academic excellence and the holistic development of our students. Our curriculum is thoughtfully designed to provide a strong theoretical foundation while emphasizing practical applications, ensuring that our graduates are well-prepared to excel in a competitive global landscape.

Our faculty members are not only experienced educators but also active researchers and industry professionals. They are deeply committed to mentoring students, guiding them through their academic journey, and inspiring them to push the boundaries of technology. We encourage collaboration and creativity, offering numerous opportunities for students to engage in research projects, internships, and extracurricular activities.

As we move forward, we remain dedicated to integrating cutting-edge technologies into our teaching and research initiatives. Our goal is to nurture a culture of innovation that empowers students to become future leaders in their respective fields. Thank you for visiting our website. I invite you to explore our programs, faculty, and research initiatives. Together, let us embark on a journey of discovery and excellence in electronics and computer engineering.

Best regards,
Head of Department
Electronics and Computer Engineering

Electronics and Computer Engineering Student Association (ECESA)

The Electronics and Computer Engineering Students' Association (ECESA) is the official student body of the Electronics and Computer Engineering Department. It serves as a dynamic platform for students to explore, learn, and innovate beyond the academic curriculum.

ECESA is committed to enhancing both the technical and soft skills of students through a variety of activities including workshops, seminars, competitions, guest lectures, industrial visits, and hackathons. It acts as a bridge between students and faculty, fostering a collaborative and innovative learning environment.

Students' core committee members (A.Y. 2025-26)

Sr.No.	Student Name	Designated Post
1	Sagar Narayan Golhar	President
2	Saad Sayyad	General Secretary
3	Bhushan Popat Raut	Vice President
4	Ritu Dattatray Patil	Ladies Representative
5	Manoj Santosh Shelar	Treasurer
6	Rohit Vithhal Jamdhade	Documentation Head
7	Siddarth Bahirinath Jadhav	Social Media Head
8	Rushikesh Thakur	Cultural Head

1. Department Activities

1. ELEXPO-2026

The department has organized a project exhibition titled Elexpo 2k26 on 18/3/2026. In this event, students showcased their talent by presenting electronics and computer based projects that they had developed during their practical sessions in college.

Approximately 380 students, along with faculty members from all departments, visited the exhibition and contributed to making the event a great success.

DEPARTMENT OF ELECTRONICS AND COMPUTER ENGINEERING

the exhibition and contributed to making the event a great success.

2. Avishkar Competition-2026

The Department has organized the Avishkar Competition-2026 on 4/10/2025. The event served as a vibrant platform for students to showcase their technical prowess and creative thinking through detailed poster presentations. . In a move to further encourage these bright minds, the three winning students have been nominated to represent the college at the next level. They participated in the New Arts, Commerce, and Science College, Ahilyanagar, to compete in the regional round.

3. Fresher's Party

The Department of Electronics and Computer Engineering organized a fresher's Welcome Program on 18th September 2025, to warmly embrace the new students, create a friendly bond between seniors and juniors, and make them feel comfortable in their new environment.

4. Industrial Visit 2026

The department has organized industrial visit at GMRT, khodad, Narayangaon, Pune on 28/02/2026 through this visit, students learned how radio telescopes work and how scientists study space using radio waves. They understood the practical application of physics concepts like waves and signals.

5. Expert Lecture

The Department of Electronics and Computer Engineering at Vishwabharati Academy's College of Engineering organized an expert guest lecture on “Current and Future Trends in Industry” on 23rd March 2026. The session was delivered by Hitesh Daundakar, who shared valuable insights into industrial automation and emerging technologies.

He explained the applications of IoT, Cloud Computing, Artificial Intelligence, and Machine Learning in modern industries. The lecture also highlighted the importance of Cyber Security in protecting industrial systems from digital threats. Students gained practical knowledge about future industrial trends and career opportunities in advanced technologies.

6. Outside participation of students

1. AURA 2.0: Innovation Excellence: SE Students Clinch First Prize

Our Second-Year students have brought immense pride to the Department by securing the **First Prize** in a Project Competition. Competing against several innovative ideas, their project stood out for its technical depth and practical application.

The Winning Team:

- Mhaske Arati
- Nandkhile Pranita
- Ekshinde Payal
- Hanmante Abhilasha

In recognition of their hard work and engineering acumen, the team was awarded a cash prize of 2100/-.

2. Box Cricket Success: Girls Team Secures Runner-Up Spot

On the sports front, our students continue to showcase their versatility and team spirit. Shete Arti and her group (Girls Team) delivered a stellar performance at the Box Cricket tournament organized by Vikhe College of Engineering, Ahilyanagar. The team emerged as the **Second Prize (Runner-Up)** winners. Their coordination on the field and determination were truly commendable.

3. Project Innovation Spotlight

Engineering Excellence: SE Students Secure Podium Finish

The Department Second-Year (SE) students have achieved a significant milestone in technical innovation. The team demonstrated exceptional engineering skills at a prestigious Project Competition organized by **Shri Chatrapati College of Engineering, Ahilyanagar**. Competing among several talented teams from across the region, our students secured the **Second Prize** and received 2000/- cash prize for their project work.

Our Proud Winners:

1. Atharva Madke
2. Akash Shelke
3. Tanmay Umap
4. Rushikesh Bhosle

7. Internship 2026

Bridging the Gap: TE-ECE Students Excel in Industry Internships

The Department is thrilled to highlight the successful completion of industry internships by our Third-Year (TE) students. In line students have engaged with top-tier technical firms to gain real-world exposure. These internships have allowed our students to apply their classroom knowledge to complex industrial challenges, specializing in high-demand domains like Java Development, Data Science, PLC/SCADA, and Full Stack MERN Development.

8. Partnering Organizations

We extend our gratitude to the diverse range of companies that hosted our students, providing them with mentorship and professional platforms:

- Infoinnotronics Pvt. Ltd
- Hitech Solution / Hi-Tech Solutions
- Sumago Infotech
- Bharat R. Pvt. Ltd & Bharat Innovation
- Cummins Generator Tech
- ProfAzure / ProAssure

Key Outcomes: Through these engagements, the TE-ECE cohort has Gained Hands-on Experience, Enhanced Skillsets, Built valuable connections with industry experts and resource persons

9. Traditional Day

ECE Department Staff Members and
SE-ECE Students on Traditional Day

TE-ECE Students on Traditional Day

Topper Felicitation in Annual Gathering

10. Cultural Events

Vishwotsav 2k26

Vishwotsav 2026, the annual cultural festival is scheduled to take place on **Traditional Day 2026** this vibrant event celebrates the diverse cultural heritage and talents of students, providing a platform for artistic expression and community engagement.

Annual Gathering Performances by Electronics & Computer Engineering Students

11. Annual Sports Day for A.Y. 2025-26

1.Volleyball Competition (Winner-Team)

Electronics and Computer Dept. Volleyball Team Won Final Match

3. Badminton Single-Girl (Winner)
Name: Bhagyashri Takale (SE-ECE)

3. Carom Single (Girl) (Runner-up)
Name: Ritu Patil (TE-ECE)

12. Social Connect Activity

1. Title: Heritage Cleaning Campaign - Chandbibi Mahal

The department organized Heritage Cleaning Campaign on 16/3/2026 it Developed social responsibility, teamwork, and awareness about heritage conservation while actively participating in community service.

13. Visit to Sawali Orphanage

In a heartening display of social responsibility, representatives and department coordinators visited to Sankalpa Pratishthan's "Sawali Pariwar" in Kedgaon on March 20, 2026. The initiative was aimed at extending material support and understanding the challenges faced by the children residing at the center.

14. Extra activities

Title: women's day celebration - speech competition

The department organized women's day celebration on 8/3/2026 it improved public speaking and communication skills, increased awareness about women's rights and empowerment and enhanced confidence in expressing ideas in front of an audience.

15. Memorandum of Understanding (MoU)

1. VACOE and PHN Technology Partner for New Technology Lab

On February 25, 2026, Vishwabharati Academy's College of engineering officially signed a landmark five-year Memorandum of Understanding (MoU) with PHN Technology Private Limited. This powerful partnership is set to bring a state-of-the-art Technology Laboratory right to our campus, radically boosting industry-academia interaction and giving our students a massive edge in the tech landscape.

16. Department of Electronics and Computer Engineering Partners with Hi-Tech Solutions Pune

On March 23, 2026, the Department of Electronics and Computer Engineering (ECE) at VACOE officially signed a Memorandum of Understanding (MoU) with Hi-Tech Solutions Pune.

The formal signing ceremony took place right here on the college campus, bringing together our departmental heads and key industry representatives to kick off what promises to be a transformative alliance.

17. Placements :

Professional Launch: Students Placed at Swami Logipool Infotech

In the recently conducted campus recruitment drive, two of our talented students secured prestigious positions at **Swami Logipool Infotech, Pune**. This achievement highlights the industry-readiness of our students and the effectiveness of our department's focus on technical skill development and placement training.
